

MOSAIC KNITTING WORKSHOP ERRATA

Page no.	Errata
12	Images 1 and 2: These illustrations have been updated and the updated page can be downloaded here .
25	The text should tell you to add two rows of garter stitch after Row 18, not one row
38 and 39	In earlier print runs, this line appears in the pattern on these pages: "Rows 37 to 72: As Rows 1-36." Both have now been removed.
50	The 'Set-Up' paragraph should read: Using 9 mm needles and Sea Glass, cast on 97 sts using a long tail cast on. (Instructions were originally to cast on 95, but it should be 97).
58	The end of 'Set up row' should say ' (51 sts) ', not '(61 sts)'
62	The DK Light Worsted weight should read 8x10g (26m/28yds)
72	Row 9 should read " rep from * " not "rep from 8"
72	Earlier print runs have the following sentence, which has now been removed: When you reach the final ribbing section, increase/decrease the necessary number of stitches to return to cast on stitch count (66 sts as given in the pattern)
86	Final sentence in the first paragraph of Mosaic Motif should read: If you wish to use markers for the repeats, keep the markers that were placed in Set-Up Row 12. While working Row 33, you can add a new stitch marker at the end of every 16 st repeat as the shawl grows in size.
87	This sentence should be at the end of the pattern: Remove markers once complete with this section.
101	Row 39 should read: With Serene, k10, k1, sl1, k10, sl1, k1, sl2 2 times, k3, sl1, k1, sl2, k1, sl1, k1, sl2, k3,sl1, k1 2 times, sl1, k4, sl2, k2, sl1, k4; rep from two more times, k9.
108	Row 29 should read: With Black, k2, *k10, sl3, k1, sl3, k7; rep from * three more times, k4.
118	The opening paragraph should read: The Icelandic cast off is my favorite cast off when I need to cast off a project that ends in garter stitch. This method is very stretchy and nearly blends into garter stitch fabric. It can be worked when binding off on the RS or WS, and also works well with stockinette stitch. This technique is slightly more complicated than the basic knitted cast off, but after a couple of stitches you'll be flying through your cast off!
121	The mattress stitch illustration has been replaced. The updated page can be downloaded here .

125	The final sentence in the first paragraph on the page should read: <i>Black stitches are always introduced in rows that have a black stitch as the first stitch, and vice versa with the white stitches.</i>
